5.7 Review of Central Administrators
Section 5.6 was approved by the Faculty Senate on 1/23/90.

5.7.1 Purposes
This review program has the following two primary purposes:

- to provide an occasion for central administrative officers to review their programs and subunits and, in return, to explain the roles, procedures, and activities of their offices to the university community
- to provide a means for constructive and systematic faculty review of central administrative offices and officers

The review procedure is intended to improve the capacity of administrative offices and officers to provide system maintenance, goal attainment and resource development efforts that support the teaching, research, and service functions of the university. Moreover, the conduct of a review should facilitate communication between central administrators and the faculty, and promote the concept of responsible shared governance in the university.

5.7.2 Scope of Review Program
Central administrative officers are defined as the vice presidents, provost, and above. Under the present administrative structure, the offices of the following officers are to be served by this review program: president of the university, senior vice president and provost, senior vice president for business and finance, and senior vice president for student affairs.

Each review will have the following three parts:

- a self-study by the office to be reviewed
- a faculty review of the office and its subunits
- a faculty review of the administrator's performance

Three reports will be issued and a follow-up conference scheduled one year after completion of the review.

5.7.4 Appointment of Review Committee
A separate review committee will be appointed for each office to be evaluated. Before establishing any review committee, the president of the Faculty Senate, in consultation with the president of the university, will provide an appropriate budget so that the committee can effectively perform its duties.

Review committee members will be appointed by the Senate president with suggestions from the Faculty Senate and approval of the Senate Executive Board. Normally, a review committee will consist of seven persons as follows:

- chairperson appointed with the approval of the Senate
• one member from the Faculty Senate's council for Faculty Development and Administrative Relations

• One member from another Faculty Senate Council.

• three additional faculty members appointed after due consideration is given to the representation of various faculty concerns, and to the needs of the review committee for particular kinds of expertise, depending upon the office to be reviewed

• one or more other reviewer appointed after consultation with the administrator of the office to be evaluated. This reviewer should have expertise relevant to the office being evaluated and may be external to the university.

5.7.5 General Review Procedures
Specific procedures for conducting a review will be designed by each committee in collaboration with the Executive Board of the Faculty Senate as appropriate for the office being evaluated. The following policies pertain to all reviews.

5.7.5.1 Schedule
Usually a single administrative office will be reviewed each year. However, the Faculty Senate can call for the evaluation of more than one office in a year or for the evaluation of an office more than once every five years, but never more than once every three years. A majority vote of the Senate is required to initiate the review process each year. As turnover of personnel occurs, first reviews should be scheduled about three years into the appointment so as to provide timely constructive advice.

The following order of review is established, subject to considerations of timeliness and annual Senate confirmation:

• Office of the University President

• Office of the Senior Vice President for Business and Finance

• Office of the Senior Vice President and Provost, including the Office of the Vice President for Research and Economic Development and the Office of the Vice President for Extension and Outreach

• Office of the Senior Vice President for Student Affairs

Approved by Faculty Senate (November 9, 2010); by president and provost (December 6, 2010)

5.7.5.2 Conduct of Reviews
In conducting a review, a review committee will confer with persons responsible for framing or approving policies that affect the relationship between the office and the faculty. In addition to the Self-Study Report prepared by the office under review, the committee will have access to all necessary documents and administrative information unless the requested information is
considered confidential under state or federal laws. Opinions concerning the performance of the office and officer under review shall also be solicited by at least the following means:

- publication in Inside Iowa State of a call for such opinions
- notification of the request for such opinions through the channels of administrative organization (president, vice presidents, deans, department chairs)
- solicitation of comments from faculty and others who, because of their interaction with the office being reviewed, may have especially useful information

All responses sent to a review committee will be treated as confidential correspondence, subject to applicable laws.
