

Minutes

Faculty Senate Curriculum Committee Meeting
September 15, 2021 via WebEx

Attending: Brumm (CALs and Chair), Engelken (VM), Fox (HS), Hargrove (LAS), Nilakanta (BUS), Schwartz (Engr). Ex-officio: Boyne (Provost), Hayes (Student Government), Keitges (Registrar), Robinson (Grad College), Tiarks (Registrar)

1. Call to Order – 11:00 am
2. Approval of Agenda for September 15, 2021 - Approved
3. Approval of Minutes for April 28, 2021 – Approved 6-0-0
4. Old Business - None
5. New Business
 - A. B.S. Health Care Management. Approved 5-0-0.
 - B. Science Communication Certificate. Approved 6-0-0.
 - C. Policy for undergraduate certificates with a baccalaureate degree
- The FS Academic Standards Committee is reviewing a change to the catalog language which will allow for awarding academic certificates without a bachelors degree. We will discuss at our next meeting.
 - D. Updates
 - a. New online system for proposing/approving/changing majors, minors certificates
- It is under construction. The idea is to create a system similar to CIMX. IT is working to develop something using Service Now. Brumm has had a few conversations with the developers. When it is ready we will beta-test with the committee.
 - b. Clarification to undergraduate policies and procedures
- This was a pre-COVID initiative that has been delayed. Among other things, the language concerning options/specializations/tracks/etc. needs to be clarified. Will be discussed at future meetings.
 - E. Course modality to CIMX (FF, WWW, HYB, OTHER) – does the committee want to move forward with this request. The committee decided that modality should not be included in CIMX.
 - F. Interdisciplinary Coordinator role – tabled.
 - G. One Health – 100 ideas in 100 Days Initiative – tabled.
 - H. Catalog Format
- A format for program entries (catalog mastheads, i.e., information and requirements about majors/minors/etc.) will be reviewed and (potentially) approved at the next meeting. The idea is to have a single format for all programs (which includes student learning outcomes) so that catalog pages consistently display the same information.
 - I. Changes to transfer credit process in LAS
- LAS will pilot a method for evaluating transfer credits. If successful, other colleges will likely adopt.
6. Meeting was adjourned at 11:58 a.m.

NEXT FALL 2021 MEETINGS (all 11 a.m. via WebEx): September 29, October 13 and 27, November 10 and December 1.
